Sacramento Sirens (9-0) vs. Arizona Caliente (7-1)

Game time - 6:00pm

Cosumnes River College Stadium (Sacramento, CA)

### Caliente Loses Heat after 1st Quarter and Sirens Converge to take Title with a Final Score of 59-20

The Caliente end their Fall 2002 Season as *South Pacific Division Champions*, but lost the WAFC Championship game Saturday night to the Sacramento Sirens in Sacramento with a final score Sacramento 59 - Arizona 20.

The Caliente advanced to the title game after the Hawaii Legends were unable to make the playoff game scheduled in Phoenix for November 23rd, 2002. It was disappointing when the Legends forfeited not only because this was sure to be a great rematch of 2 powerhouse teams, but this also gave the Caliente nearly a month off between games. The last game actually played by the Caliente was November 9th, 2002 against the California Quake (AZ 26 - CA 0).

"I think a large part of the loss was the fact that we have such a gap between games," said Caliente Owner/General Manager Jennifer Cada. "Not to take anything away from the Sirens, they played a great game, but we just came out and lost our momentum which is something that happens when you have so many off weeks."

"There are a lot of reasons we lost the game - no excuses, just reasons" added Head Coach Gerry Turley, "but the bottom line is that the Sirens were just the better team that night."
